

Beware Of Stinging Caterpillars

Richard L. Petcher-Associate County Agent

STINGING CATERpillars
I have had several calls concerning stinging caterpillars in the last month. There are several types of stinging caterpillars. One of the main ones is the flannel moth. However, there are several other caterpillars that do sting. They basically are hairy caterpillars that have stinging hairs.

These caterpillars are usually found on shrubbery around your house. You have to brush against the caterpillars to get stung. If you want to get rid of these caterpillars, just crush them or spray them with an insecticide.

Treat these stings as you would a bee sting. Of course, the longer you handle the caterpillars, the greater the sting will be. If you think you are having an allergic reaction, you should call or see your doctor.

TWO-TON PEANUT CLUB AND PEANUT CHAMPIONS

The Two-Ton Peanut Club and two peanut champions from each county will again be sponsored by the Alabama Peanut Producers Association and the Alabama Cooperative Extension Service. The Two-Ton Awards are given to peanut farmers whose average of their entire acreage is two tons or more. The peanut champion awards are given to farmers with the highest yield across all of their acreage. There will be one from each category. The categories are 50-250 acres and 250 acres or more. The winners for Coffee County last year were Al Britt and Ray Boyd.

If you have any idea that your peanut yields would qualify for any of these awards, please give me a call at 894-5596. We will not be checking all of the peanut records this year. If you think that you may be one of these winners, please call so that we can check your records. You need to be an active member of the Alabama Peanut Producers Association to qualify.

7th Grade Boys 4-H Meets

by Toby Bragg

The Zion Chapel seventh grade boys had their first 4-H meeting Tuesday, October 27, 1992. They elected the following officers: President Benjamin Prichett; Vice President Daniel Prichett; Secretary David Mitchell; Reporter Toby Bragg; Devotion Tim Cape; Song Leaders Rodney Flowers and Travis Woods; Club Leader Mrs. Hobbs. After they elected officers, they talked about dove and squirrel hunting. Mr. Petcher recommended that we go to the Wildlife Field Day and go to 4-H Camp.

Z.C. 5th Grade Girl's Meet

by Morgan Hodge, Reporter

Zion Chapel's 5th grade girls held their October 4-H meeting recently. We spent our October meeting by electing officers. But first we filled out registration cards. On those cards they had projects for us to choose. We got to choose two projects and one 4-H project. We also elected officers as follows: President-Kayla Eddins; Vice President-Jenny Nelson; Secretary-Amy Collins; Reporter-Morgan Hodge; Devotional Leader-Daphne Jinnit; Song Leaders-Rebecca Ward and Jessica Kelly. We ended our meeting by telling what is due for our next meeting. We have a photography contest.

The 7th Grade ANR 4-H Club Officers for 1992-93 at New Brockton are from left to right: front, Jason Thomas, President; D. Anthony Brown, Vice President; Scott Hughes, Secretary; Quan Mackie, Reporter; back, Robert Fleming, Devotional Leader; Janny Moore, Song Leader; Enorse Newson, Song Leader; and Lee Gunter, Teacher Leader.

The 7th Grade ANR 4-H Club Officers for 1992-93 at New Brockton are from left to right: front, Cedric Foster, President; Jerry Hines, Vice President; Jason Allums, Secretary; Tony Pouncey, Reporter; back, Kendall Merritt, Devotional Leader; Genisis Harris, Song Leader; Michael Hines, Song Leader.

Injection Sites For Beef Cattle

Rex Walden of Enterprise recently pointed out that a great deal of information has been handed out in the past concerning vaccination sites for beef cattle. The primary reason for this is that once the injection is given, you can develop carcass problems once the carcass is at the processing plant. To avoid these problems, more and more processors are encouraging producers to be more aware of injection sites.

I feel like within this article while talking about injection sites we should also talk about types of injections. To begin with, always read the label as to where to inject medication you are giving. In other words, it may call for a subcutaneous injection. Subcutaneous injections are usually made in an area where skin fits loosely like the neck or chest wall, the arm pit or flank. You pick up the skin and insert the needle just under the skin and not between the layers of skin.

The other most common type of injection is intramuscular. The intramuscular injection is made deeply into any large muscle. There are other types of injections-intravenous, intraperitoneal, and intramammary. All of these have a specific purpose behind them and are much more difficult to give. I recommend that you consult your veterinarian or someone who has done it before if you have never given one of these three types of vaccinations.

There are two other injection types that bear mentioning. One is intramammary. This requires a soft, blunt injection apparatus to go into the teat to infuse this teat for treating mastitis. Another type of injection is intradermal and this would be given between the layers of skin. Usually, you shave a patch of hair prior to giving an intradermal injection. For beef cattle there are basically four sites for giving injections. The neck is a preferred site because there is no carcass damage associated with the neck. Most of the time subcutaneous shots are given in the neck, but also many people give an intramuscular shot into the neck muscle with good results.

Another site would be right behind the shoulder or elbow. This is a good intramuscular area and sometimes if the skin is loose enough you can give a subcutaneous shot. The other two sites are located to the rear of the animal. One is the lower round just above the hock or the top of the rump. My own personal opinion is that the top of the rump and loin should be avoided even though they have been the two most common places to give a shot. These are both top, prime cut areas off of any beef carcass and it is the most common place of losses due to injection site lesions. Avoid the top of the rump and the loin.

Try to confine your shots to the lower part of the rump and the two areas right behind the shoulder and the neck, and I think you will avoid any carcass damage problem. If you have any further questions along the lines of animal health, give me a call at 894-5596. I will be glad to help you or consult your local veterinarian. I am sure they will feel equally glad to give you any help they possibly can.

TIPS ON RETAILING

I had an opportunity to go with a group of merchants from Coffee County to visit the Jasper, Alabama area. The Coffee County merchants were able to meet with several of the merchants in Jasper to discuss the change in the retail trade in their area. Anytime a major retailer locates in the area, it creates anxiety and concern among the present retailers.

During the visit I picked up several ideas I think would be very important for merchants to consider as far as retailing goes. The thing that I heard most was service. The merchants that give the best service are the ones that retain their customers the longest.

Another point that came up quite frequently was you need to smile at the customers as they come in. Along with that smile was to be able to call the customer by name. These things help keep business coming your way.

Another item that was brought up was to specialize. Find your niche in the retail market and then push it. I was really impressed with a comment that a banker made, and that was that the county had to work together in order to survive. Walker County, which is where Jasper is located, has moved to a county-wide Chamber of Commerce so that the economic development efforts could be multiplied by all parties concerning working together.

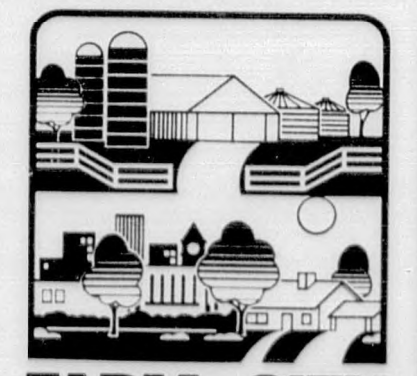

The Coffee County area continues to grow, and we are very fortunate to be in the economic climate

that we are in. Let's work together to keep this climate moving forward.

TREE SEEDLINGS

Each year we have requests for a few tree seedlings. Most of the time it is difficult to find two or three or a dozen seedlings that you can buy. As a service to the people, we break them in big bundles and break them and sell a few at a time. They are not very expensive this way, and it is a convenience for the people in Coffee County.

If you would like to get a few Loblolly pines, Slash pines, Virginia pines (Christmas trees), oaks, dogwoods, or redbuds, please give us a call at 894-5596 so that we can find out how many trees to order this fall. If we can get your order in soon enough, we will have the seedlings available before Christmas.

SPARE YOUR LANDFILLS

... WHILE DOING YOURSELF A FAVOR

Don't make trash to be hauled away when you can easily turn it into BLACK GOLD for your plants ... COMPOST The Mulch/Compost bin shown here is revolutionary in design because:

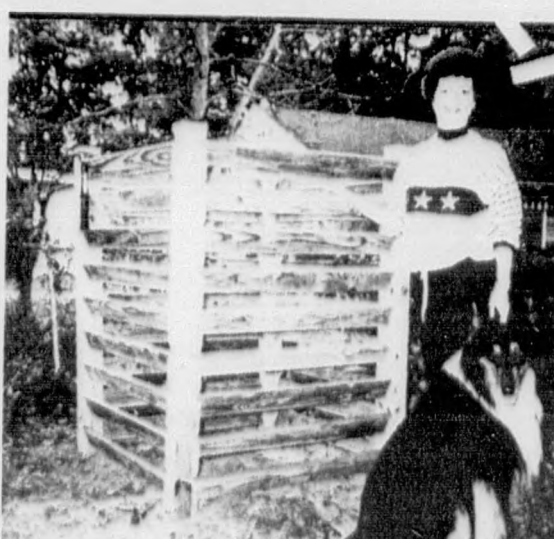

- 1) You only have to put four holes in the ground to erect it.
- 2) Every slat can be easily removed and will interchange in any other location.
- 3) You may take mulch out the bottom and put it back in the top ...turning mulch speeds the composting process.
- 4) Once the mulching/composting process is complete, the BLACK GOLD for plants may be taken from the bottom by removing the bottom slats.

ROBERT STEPHENS ELECTED COMMISSION CHAIRMAN

New Coffee County Commission already facing landfill issue

by Marvin McIlwain
Editor

The first order of business for the Coffee County Commission in Monday's meeting was to be sworn in. Probate Judge Marion B. Brunson administered the oath-of-office to commission members.

Commissioners taking office for the first time were: Wendell Black, District 1; Lawrence Creel, District 2; Jack Hanson, District 4; and Ernest Brooks, District 5.

Returning members of the commission taking the oath were: Robert Stephens, District 3; Sid Averett, District 6; and Bill Faulk, District 7. Selecting a commissioner to serve as chairman of the governing body was the first official act by the new sworn in commission.

Commissioner Robert Stephens was elected by the commissioners to serve as commission chairman for the next 12 months. The vote was taken by secret ballot.

The commissioners later ratified the chairman vote during bill signing time by a vote of five for and two abstaining. Commissioners Sid Averett and Lawrence Creel abstained.

It didn't take the new commissioners long to get a taste of controversy. During the general business por-

tion of the meeting, Commissioner Wendell Black told commissioners, "I feel we need to put the process for a regional landfill on hold until the new commission can become familiar with it."

Black made a motion to postpone the regional landfill permitting process indefinitely until more is known about what is going on.

The motion was defeated by a vote of 4 to 3. Commissioners Stephens, Averett, Faulk and Hanson voted against while Black, Creel and Brooks voted in favor of halting the permitting process.

The Alabama Department of Environmental Management (ADEM) has scheduled a public hearing on the regional landfill for Tuesday, November 24, at the Farm Center in New Brockton.

Commissioners, who were members of the previous commission, are concerned that if the permitting process is stopped, it could cause the county serious problems down the road.

They contend that even though a regional, 10-county, landfill permit is obtained, the county could still use its own landfills.

The fact that they will have the permit will give them another option should they need one. It could give them a "bargaining chip" in negoti-

ing a contract with a private firm to haul the county's solid waste to a facility outside the county.

Commissioner Hanson feels that all the newly elected commissioners should become familiar with all the facts concerning the landfill issue before making any decision on the matter.

Commissioner Creel later agreed that more thought should be put into the landfill matter before any action is taken.

Earlier in the commission meeting, a group of Elba High School students, an Advanced English class, voiced their concerns about locating a 10-county regional landfill in Coffee County.

Cory Driggers, spokesperson for the group, outlined a three-step process for handling the county's garbage.

Step 1: Allow no outside counties to dump their garbage in Coffee County's landfill.

Step 2: Implement an extensive recycling program in the county.

Step 3: Provide a countywide

composting program for organic material.

Driggers told commissioners, "This land is only ours to borrow, so we need to take care of it as best we can."

He encouraged the members of the Coffee County Commission to "take the lead."

Commissioner Brooks proposed that a task force made up of county and city officials and students study the landfill/garbage question and report its findings and/or proposals to the commission.

Members of the commission were in full agreement that representatives from the county's municipalities be included in the fact finding process. It is estimated that 70-80% of the county's solid waste is generated in the cities and towns.

After the formal commission meeting had ended and commissioners were signing bills, Commissioner Brooks made a motion that County Engineer Mark Pool be instructed to call ADEM and change the permit from a regional to a one-county. The

motion was seconded by Black. Brooks' motion failed by a vote of 4 to 2. Voting for were: Brooks and Black - against: Stephens, Averett, Faulk, and Hanson. Creel abstained.

Both Commissioners Creel and Hanson voiced their concern about bringing up matters and voting on them after the formal session has ended. Although the commission is officially in session while signing bills, most of the visitors who attend the commission meetings leave after the formal session ends.

When asked by one of the members of the news media if they would agree to refrain from such actions, several of the members of the commission were very vocal when responding in the negative.

Turning to more routine matters, the commission agreed to seek an Attorney General's opinion on installing drainage pipe on church property.

Chairman Stephens informed the commissioners that water run-off from Co. Rd. 25 near the New

Haven Baptist Church was causing erosion on property belonging to the church.

Members of the church had asked the county's assistance in correcting the problem. The church agreed to purchase the drain pipe.

Hanson matters addressed by the commission were as follows: ***Awarded the bid for a truck to be used by the Forestry Service to Solomon Chevrolet of Dothan. Their bid was \$18,279.63.

Vaughan named as City Attorney

by Ferrin Cox

The Elba City Council moved one step closer to putting their problems behind them Monday night when they unanimously followed the recommendation of Mayor Ricky Haywood and named Attorney Mark Vaughan as City Attorney for the past 12 years.

Muddy and/or dusty streets in Mulberry Heights was the complaint of Linda Ramus when she addressed the city fathers. She told horror stories of cars being damaged, homes ruined and/or covered with red dust.

Engineer Bobby Lee was asked to give a status report and told Ramus it would be about 90 days before the project is completed.

He explained the history of the federal funding, problems with relocating the water mains and storm drains, etc., and said the streets should be ready for the paving contractor by December 1st if the weather remains reasonably dry.

Friday after Thanksgiving will be a holiday for city employees.

Council member Ronnie Jinnit presented a copy of the 1985 merit system guidelines. He noted the question was raised at the last meet-

ing of the existence of the merit system.

He then mentioned the Pat Boothe matter and said he would like to do something to get his name off any potential lawsuit. He referred to a letter all members had received from a Montgomery lawyer.

Council member John W. Sharpless made a motion, "the council be on record as saying we would like to see all points in this letter be followed and carried out."

The motion passed unanimously. Mayor Haywood said he would have problems with some of the demands but they had put Mrs. Boothe back to work. He added, "It would be extremely hard for me to issue an apology."

Bills totaling \$52,988.22 were approved for payment. This included \$19,484.19 for engineering work on the new trash landfill and \$7,600.58 for equipment repairs.

The Elba Water and Electric Board meeting opened with approval of monthly bills totaling \$34,913. Chairman Mickey Murdock noted this was unusually high but included payment for lift station repair, auditors, ditch repairs and engineering fees.

A review of the cash flow statement shows a \$90,000 expense for new construction. Board members were told this included work at the Moore's Creek bridge widening and upgrading lines in the Mulberry Heights area.

The co-op program operates under strict federal guidelines and can only serve students within these guidelines.

Pearce said Black History is taught from the regular state textbooks and no teacher avoids teaching Black History. The only other alternative would be to install a course in Black History, which could and may be done.

The issue of Principal Charles Clark telling the director of a Jobs program that a certain student was a thief is still under question. The Board decided to retain attorney Merrill Shirley to find if such statements were within the law. Then they will investigate to determine if the statement was actually made. Board members stated if the principal made an improper statement, a written reprimand would be put in his file.

No action will be taken on a request to call back students on suspension and there have been no students expelled in the last three years. Pearce said plans were underway

to operate an alternate school for problem students. It will be within the school building.

Board member Jack Prescott seconded the motion. The motion passed 4-1 with board member Earl McCollough opposing the action.

BRAINSTORMS

With Ferrin Cox

We have heard a number of political jokes following the November 3rd national elections. One deals with the election of Bill Clinton as President. The word is that folks in Arkansas will be eating peanut butter and crackers for Thanksgiving ... they are sending their turkey to Washington!

We have a friend who made a great offer to us or anyone we would suggest. It seems this friend is holding two tickets to a George Wallace Jr. victory celebration and wants to get rid of them. He didn't say why, just that he wouldn't be able to use the tickets. We suspect he will have a better chance selling beachfront property in Tennessee than he will in getting rid of those celebration tickets for a victory which just didn't happen ... unless he has a trash can handy. Oh well, guess he is laughing to keep from crying because his candidate lost an election.

The Alabama Democratic Party is crying about the redistricting and the fact a Republican won in the 2nd Congressional District. We have two questions for them on that. What party has held that office in this district for almost 30 years? Then if the federal courts do such a terrible job, why do we continue letting them make the hard redistricting decisions every 10 years.

Along that same line, why is the Alabama Legislature waiting for the courts to decide the school funding issue? The legislative leaders admit they don't have a prayer of a chance winning ... etc., etc.; funding improvements are necessary, etc., etc.; yet they announced this week that they are waiting for the courts to rule before they address some real money problems facing state government.

We congratulate District 3 Commissioner Robert Stephens on being named Chairman of the group by his peers. Of course after he has sat in that hot seat for a while, he may be glad to turn it over to someone else. Stephens doesn't want to hurt anyone's feelings, nor make anyone mad ... it just can't happen that way where he is sitting and he may find the honor isn't worth the friends he can lose.

Many of our readers agreed with the comments we made here last week, but not all. This is something we accept as reality and strongly support - a person's right to think as an individual and to express those thoughts. One caller frankly has left us in a state of confusion. Twice this citizen has taken our time, once over an hour in the office and another over 30 minutes on the telephone, to complain about Elba's new mayor. This citizen claims to have supported Haywood strongly and was upset over the embarrassment to Elba. Then this week was a flip-flop and we seem to be the cause of all the problems. The first question we were asked dealt with the Pat Boothe issue and we tried to give a political answer ... but it aggravated our caller. This reader reminded us we should never get into politics! That somehow became our fault "as part of the past administration." This shows how slow we are, we didn't even know we were part of any administration. Then we were asked about the merit system and we gave another political answer. It made our caller still madder! We got credit for that one also and our statement that we expressed reservations about the thing when it was passed didn't help. We haven't yet figured out how we are blamed for that one and in the next breath, "that bunch at Ft. Rucker" got blamed (we ain't never worked at Rucker). We did have reservations on the merit system in 1985 but those with more worldly knowledge than us wanted protection for folks trying to feed a family, regardless of which way the political winds were blowing. Don't try to understand all this, we don't and ain't gonna try. It is just part of the fun of living and working in Elba, Alabama.

Don't make trash to be hauled away when you can easily turn it into BLACK GOLD for your plants ... COMPOST

The Mulch/Compost bin shown here is revolutionary in design because:

1) You only have to put four holes in the ground to erect it.

2) Every slot can be easily removed and will interchange in any other location.

3) You may take mulch out the bottom and put it back in the top ... turning mulch speeds the composting process.

4) Once the mulching/composting process is complete, the BLACK GOLD for plants may be taken from the bottom by removing the bottom slats.

LETTERS TO THE EDITOR

Open Letter

A Letter To The Mayor:

In all my life, I have never written to a newspaper, magazine or any type publication. But due to circumstances that are becoming intolerable, I feel that someone needs to speak out. I am a bona fide taxpayer, voter and consumer in Elba, AL. I reside in the community of Mulberry Heights. I was raised in the same community.

It seems as though we are always somehow neglected, or set apart from the rest of the city as far as representation is concerned. Somehow this trend has to be broken. Taxation without representation is unconstitutional. A good mayor cannot serve part of Elba, he must serve all of Elba. It is my prayer that you sir, step forward and be that "good"

mayor that Elba needs so desperately. Fix our streets. Please!

Herbert R. Russell

To The Citizens of Elba:

Next week, November 15 - 21, is American Education Week. We, the members of the Elba Education Association, encourage everyone to be thankful for the privilege all American children have to attend school.

As the world becomes more complex and the families less stable, it is an increasingly difficult task to "educate" our citizens to their fullest potential. The school cannot begin to achieve this goal without the cooperation of the family and the community. Involvement in and support of the educational process includes activities ranging from contacting legislators to buying fund raising articles from school children. All citizens have responsibilities in the education of our young people. Only by working together can success be achieved.

Please encourage every young person to take full advantage of his educational opportunities. John F. Kennedy summarized the importance of education in a message to Congress in 1961. "Our progress as a nation can be no swifter than our progress in education. The human mind is our fundamental resource."

Thank you, Members of the Elba Education Association

Johnson-Dean United In Marriage On August 28th

Dana Sherry Dean of Elba and Jerry Thomas Johnson of Troy were united in marriage on August 28, 1992 in a candle-light, poolside ceremony held at the home of Mr. and Mrs. Tom M. Brown of Route One Elba. The Reverend Mark Griffin officiated.

Parents of the couple are Mr. and Mrs. William Duff Dean of Elba and Mr. and Mrs. Thomas Johnson of Troy.

Music was provided by Miss Kim Longworth, pianist and vocalist. Vocal selection included "The Rose" and "Nobody Loves Me Like You Do." Dana also sang "To Me" to the groom during the ceremony. Jamie Bass assisted with the music for both the wedding ceremony and the reception.

The driveway leading to the Brown home was lined with white balloons, bows in the wedding colors of mauve, sea-foam green, and lavender, and hurricane lamps holding gleaming white candles.

Guests were greeted by Miss Missy Boothe of Troy who presided over the bride's book. A small, round table covered with white satin and overlaid with white lace held the bride's book, a small wicker basket filled with wedding scrolls, a china Bride and Groom figurine and fresh flowers in a tiny crystal vase.

Miss Kelly Sheffield directed the guests' attention to Dana's wedding portrait and to a collage created with pictures of Dana and Jerry's young-er days.

The pool was outlined with hurricane lamps with brightly burning white tapers, tied with bows of mauve, sea-foam green, and lavender ribbons. Floating on the pool was a massive arrangement of gladiolus, snapdragons, fugie mums, alstroemeria lilies, daisies, carnations, roses and lighted candles.

The covered deck on the back-side of the pool was decorated with multiple candelabras holding lighted white tapers and tied with bows with long streamers. An arrangement identical to the one in the pool was placed on a white column between the candelabras. The back and sides of the deck were banked with lush greenery.

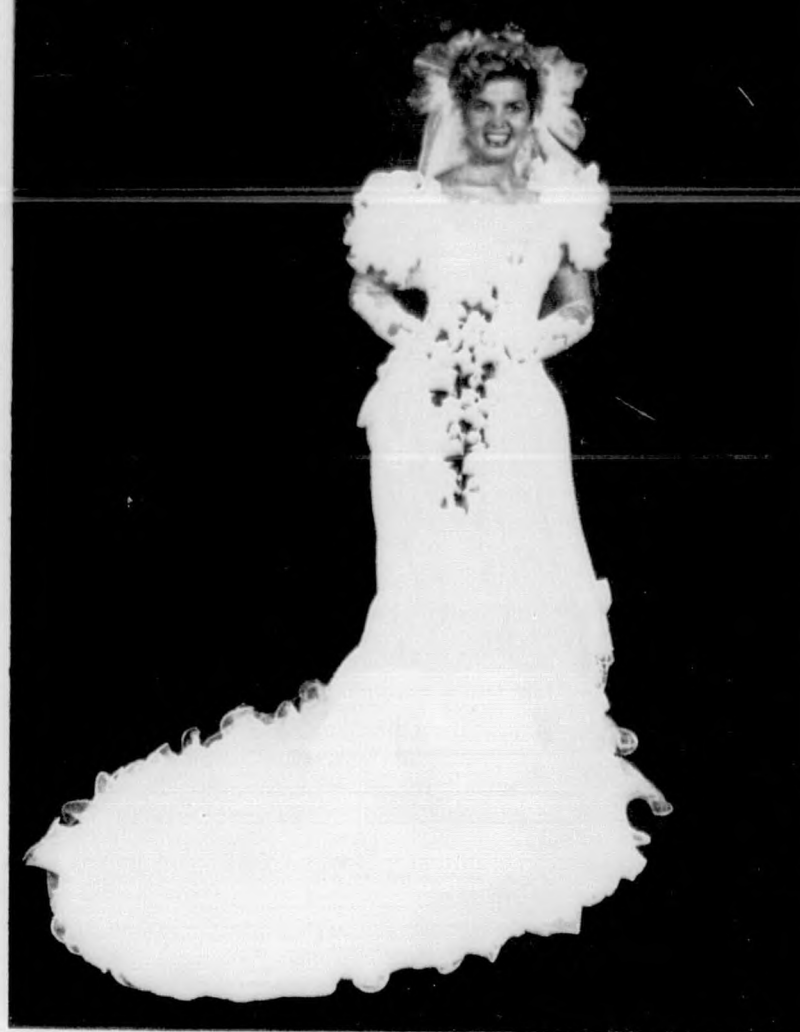

The bride, given in marriage by her father, wore a long formal gown of white satin. The dress featured a square front neckline and scooped back accented with bows at the shoulders. The bodice was accented with hundreds of tiny pearls and intricate crystals. The long-sleeved sleeves, which tapered to the wrists, were also adorned with tiny pearls and intricate crystals. The full circular skirt was attached to a dropped waistline and extended into a long cathedral-length train which was embellished with lace appliques and heavily hand-beaded. A large satin bow covered with pearls and crystals trimmed the back of the waist.

The bride's waist-length veil of imported French lace fell from a round tiara of roses and pearls. She carried a cascade bouquet of white bridal roses and white orchids. The bouquet was accented with white pearl sprays and white satin ribbons. The bouquet also included two long-stemmed white roses which the bride and groom presented to the mothers after the ceremony.

Miss Jennie Beth Jacobs of Arton served as Maid of Honor. She wore a street-length two-piece suit with an off-the-shoulder neckline in a shade of soft sea-foam green. Bridesmaids were: Miss Stacy Black, Miss Jennifer Flowers, Miss Rhonda Jackson, all cousins of the bride from Elba, and Miss Allison Huston of Clayton. Each bridesmaid wore a street-length two-piece suit of floral print with an off-the-shoulder neckline. Each wore pink carnations in their hair.

A delicious lunch was served to the following: Myrt Buckett, Bonnie Wesley, Zedie Bouyer, Lennie McCollough, Arthur Blackmon, Refina Grimes, Leon Brunson, Aileen English, Iris McDowell, Frances Shaboo, Louise Morrow, Sarah Smith, Cora McBride, M. Boling and Wanda Sasser.

Mrs. Jerry Thomas Johnson

Each of the grandmothers wore matching corsages of white carnations. The reserved seating section was marked with bows of mauve, sea-foam green, and lavender ribbon. The wedding was directed by Mrs. June Brown.

Immediately following the ceremony, the bride's parents entertained the guests with a reception.

The bride's table was covered with white satin and overlaid with white lace. The table was placed in the center of a tent created with white net. The four corners were tied with large bows in the wedding colors. The center of the table held the four-tiered wedding cake. Nestled between the first and second layers was a bubbling, lighted fountain. Ice-ling roses and flowers cascaded down the tiers of the cake with fresh flowers encircling the base of the cake.

The bride's sister-in-law, Mrs. Brandy Dean of Charlotte, NC, presided over the bride's table.

The food table was covered in white lace and held silver candelabras, Miss Tammy Hudson, Miss Britney Black, and Miss Jackie Hubert presided over the food table.

The punch table was centered with a silver punch bowl that was encircled with greenery and fresh flowers. Silver candelabras also held glowing tapers. Miss Beth Henderson, Waycross, Georgia, served the punch. Mrs. Ella Burrows, Mrs. Shirley Goodson, Mrs. Sybil Henderson, and Mrs. Rebecca Jackson assisted with the reception which was directed by Mrs. Louise Bozeman.

Dana presented her mother with a dozen long-stemmed roses before leaving for her wedding trip to Cancun, Mexico. The couple is residing in Ozark, Alabama.

Pre-Nuptial Parties
Dana was honored with a miscellaneous shower at the home of Mrs. Sybil Henderson on Saturday afternoon, August first.

A bridal lingerie shower was held at the home of Mrs. June Brown on August fourth.

On August thirteenth the bride's attendants hosted a recipe/grocery shower at the home of Jennifer Flowers. Dana was also presented a large picnic basket.

On August sixth a linen/bath shower was held at the home of Mrs. Shirley Goodson.

Mr. Mark Adams served as Best Man. Groomsman were: Mr. Dennis Dean, Elba, Mr. Bill Dean, Charlotte, NC, both brothers of the bride, Mr. Alex Johnson, Troy, brother of the groom, and Mr. Steven Smathers of Troy. Ring bearer was Christopher Dean and Jonathan Dean carried the train. Both are from Charlotte, NC and are nephews of the bride. The groom, all his attendants, and the bride's father were dressed in charcoal gray tuxedos. Each wore a pink carnation boutonniere.

For her daughter's wedding, Mrs. Dean chose a pink linen long-waisted dress with embroidered lace insets. The groom's mother wore a peach street-length dress trimmed with a white lace collar. Both mothers wore pink carnation corsages. Mrs. Clementine, Chancelor, the bride's aunt, served as her grandmother. She wore a light brown street-length dress, while the groom's grandmother, Mrs. Hamill Louise Johnson chose a pink dress.

Guests attending included her grandmother, Ann Whitman and grandparents Robert and Ann Miller. Hannah also enjoyed the company of many other guests.

Jana Sheree Allen Is One Year Old
Jana Sheree Allen was one year old on November 7th. She is the daughter of Paul and JoAnn Allen of Laverne, AL. Her birthday cake was won from a contest sponsored by WZZT radio from Food World in Enterprise. Ice cream, chips, dip, cookies and cupcakes were served to her guests.

Those attending her birthday celebration were: Celia, Jeanice and Sheila Allen, Mr. and Mrs. Donald Nichols and children, Edna Home and other friends.

Sasha received a rocking chair and many other gifts. A fun time was enjoyed by everyone.

Sasha Kidd Wins Beauty Pageant
Sasha Lisha Kidd, daughter of Danny and Vicki Stinson, recently won Miss King Ranch Title held at Daugh Tew Center in Dothan, AL.

The pageant was a Southern Diamond Production with the proceeds going to the King's Ranch.

Annual Operation Santa Claus Drive Has Begun

The annual Operation Santa Claus toy drive has begun. Last year toys were given to approximately 900 eligible children in Coffee County. The Coffee County Department of Human Resources, the Christian Mission, the Human Resources Development Corporation, the Enterprise Department of Leisure Services, the Salvation Army and Fort Rucker, all work together to make the program a success.

A central list of families who are eligible for the program is prepared. When the toy collection is finished, the eligible families are contacted with a time and date to pick up their toys. The toys are evenly distributed. In past years, we have been able to give each eligible child two toys.

Fort Rucker will repair the toys and deliver them to each town. Due to military cutbacks and shortage of personnel, the collection and repair of dolls and stuffed animals will be discontinued.

Usable and repairable toys, such as bicycles, games and books for children 1 - 12 years of age, will be accepted. Donations of new toys are also appreciated. Toys will be collected through December 1, but are needed as soon as possible so that there will be ample time for repairs.

Miss Kyle To Marry Mr. Davis Saturday, November 21st

Mr. and Mrs. Ray Kyle of Elba announce the engagement and forthcoming marriage of their daughter, Robin Oree Kyle to Mark William Davis, son of Mr. and Mrs. A. W. (Bill) Davis of Elba.

The bride elect is also the daughter of the late James Robert Webster of Opelika, AL.

She is the granddaughter of A.D. Pitchford of Waverly, AL and the late Alma Baker McFarland of Opelika, AL and the late William Bruce Oree Webster of Opelika, AL and Mr. and Mrs. W. O. Logan of Waverly Hall, GA.

The future groom is the grandson of Mrs. Pearl Kelley and the late Ed Kelley of Elba and the late Mr. and Mrs. David H. Davis of the Fairview Community.

The wedding will take place at the Elba United Methodist Church in Elba, on Saturday, November 21 at 3:30 P.M.

A reception will follow in the church fellowship hall.

All friends and relatives are invited to attend.

I have never been one to sit near the front row at anything, much less church. However, Sunday we all sat in the second row to listen as Melanie sang with her choir at the morning service. I was afraid Melanie might run

to us when she saw all the people in the audience, but she sang as well as the rest, despite being only three-years-old, and was a mighty proud little girl after joining us for the remainder of the service. But, not as proud as Mom, Dad and Melissa!

ELBA TIGERS "WALK THE WALK" IN EVERGREEN

There's a saying on the street that if you talk the talk, you've got to be able to walk the walk. Well, the Hillcrest Jaguars had no problem talking the talk Friday night during the game against Elba, but it was the Tigers who did the walking, all over the Jaguars' heads, as the Tigers ripped Hillcrest 34-6 to finish the regular season with an 8-1 record.

Hillcrest entered the game with a 1-8 record, but did their best Miami Hurricane impression during the game as they talked trash from start to finish, and got one player ejected and got two personal foul penalties for the big talk. As bad as the trash talking was, it probably did the Tigers good.

In opening round of Class 3A playoffs

Elba to host Rehoboth Rebels

The Elba Tigers will begin their quest for their second state championship in four years Friday night when they host the Rehoboth Rebels in the opening round of the Class 3A High School Football Playoffs.

The Tigers will carry an 8-1 record into the matchup, while the Rebels will enter the playoffs with a 6-4 slate.

"We've been working hard since way back in the summer to become a good football team and make it to the playoffs," said Elba's Coach Mack Wood, "and right now I think we have a pretty good team and we're back in the playoffs. I guess we're where we wanted to be, now it's time to take that next step and pick up our level of play to the next level. It is sudden death now and one bad game can end your season. We have to keep working hard and playing hard to make sure the season doesn't end before we're ready to hang it up."

"Records don't mean a thing in the playoffs," said Wood, "and Rehoboth's record shouldn't even be a factor. They are in the playoffs just like we are and they believe they can win, just like we do. In the playoffs it comes down to which team wants it the worst on one given night, and that team advances. Several years ago we lost in the opening round to a Holtville team that wanted it worse than we did, and two years ago we lost to Dufus County because we wanted it worse than we did. We thought we were better than both of those teams, but they won and we went home and packed up the equipment. Our players have to practice harder than ever, be prepared to play their best on every play and give it that little something extra that could make the difference."

"Rehoboth has its best team ever," warned Coach Wood, "and will be fired up about being in the playoffs. Their losses to Slocomb and Houston County don't mean a thing now because the regular season is over and the playoffs have started. Rehoboth will be sky-high when they get here Friday night and they'll play the best game they have ever played."

Rehoboth started the season with a bang and posted shutout wins over Cottonwood 34-0, Dale County 27-0, Louisville 30-0 and Ashford 7-0. A loss to unbeaten Daleville 34-6 seemed to take its toll on the Rebels, who proceeded to lose four out of their final six games. The final two

wins came over Headland 20-7 and Geneva 14-0, while the losses were at the hands of Abbeville 21-12, Slocomb 21-7 and Houston County 42-21.

"After losing four of their last six games, Rehoboth has to feel like it has been raised from the dead," stated Wood. "They were down emotionally after the losses, but got a second chance by making the playoffs and will be ready and will have nothing to lose when they come to Elba Friday night."

"On offense," said Wood, "they have a balanced attack and don't make many mistakes. They have a solid offensive line and a couple of quality backs, and can move the football well against any defense. They don't do a lot of fancy things, they just line up and give it their best shot and see what happens. Over on defense, they are real aggressive and take a lot of pride in what they do. They stack up the line and try to take away the run, and have some real strong kids that like to play physical football."

"The thing Rehoboth does best is to play to their level of ability," Wood stated. "They don't try to do a lot of things, they just make sure they do a good job of what they do and don't make mistakes. Rehoboth has an excellent high school football team and they are without a doubt capable of beating us if we aren't ready."

"For us to win," said Coach Wood, "we'll have to play with emotion and play well on both sides of the football. We need to step up our level of play and take command of the football game from the opening whistle. Offensively, we'll need to be balanced to keep Rehoboth from loading up at the line of scrimmage and we'll have to block well, run hard and play up to our potential. We need to score when we get a chance and make sure we don't turn the ball over. Rehoboth will probably try and control the clock, and play a slow game to keep the ball out of our hands. So, when we get the football we'll need to be successful and put points on the board. Our defense will have to be physical up front and be alert for anything they may have put in just for the playoffs. Rehoboth has a solid running game and a real good back in Debose, which means we'll need to be physical and try to control the line of scrimmage. Our defensive backs will also have to play well and be ready

to stop the pass and the screen passes, and at the same time play hard on every single play.

"These are the playoffs and to be successful in the playoffs a team has to be ready mentally and physically," Wood added. "Our players are in good shape physically, so they must be ready mentally to play and play like it could be their last, which it could be. We have played well in the regular season and accomplished a lot, but that is over now and means nothing. The players have shown a lot of pride in every game and played with a lot of heart. They now need to step it up a notch and begin playing their best on every single play and not leave anything on the field. It's now or never for all the teams in the playoffs and we'll have to be ready and then go out and play like we are capable of playing."

When asked about last week's 34-6 win over Hillcrest, Coach Wood stated "It was cold, we were a long way from home and we had nothing to play for but pride. We came out early and took command, and played well against a good opponent."

"The offense took control from the start and scored on all three of its possessions in the first half," Wood added. "The line blocked well against a very physical defensive team and the backs ran hard. The passing was a little off, but the rain caused us to miss some practice last week and it may have resulted in the timing being a little off. The defense played well at times, but didn't take control like we wanted and gave up far too many big plays. The defense once again came up with some big plays of its own to stop Hillcrest's drives, but didn't play as physical as it needs to and didn't really step their offense. The defense may not have been as inspired as it should have, but it held them to six points and that will win most games."

"It was a win," said Coach Wood, "and that is what matters. It wasn't all that pretty, but the players showed a lot of pride and came through with a win on the road against a pretty good football team."

Elba Junior Tigers rip Opp 50-27 to win cage opener

The Elba Junior Tigers opened the basketball season on a winning note last week as they blasted the Opp Junior Bobcats 50-27, in Opp. The Tigers jumped out to a whopping 30-10 halftime lead behind the play of Rosco Coleman and Brian Rowe, extended their lead to 46-14

in the third quarter and cruised in with the win.

Rosco Coleman scored 19 points to lead Elba, while Brian Rowe added 9 and Leray Smalley topped in 8. Peacock scored 8 for Opp.

Basketball registration underway

The Elba Department of Parks and Recreation is now conducting registration for the upcoming "Youth Basketball League" season.

Leagues will be for boys ages 12 and under, and ages 10 and under, with September 1, 1992, being the date on which league age is determined.

A \$5 registration fee is charged to help offset the expense of the program, and registration forms are located at City Hall and at the Elba Elementary School.

The league will begin its season in December and all games will be played at Elba High School.

THE ELBA CLIPPER NOVEMBER 12, 1992

Elba was cold and a little flat when the game started, but the Jaguars' talking and taunting woke up the Elba players and helped them get fired up and win the game. I guess the Tigers proved that talk really is cheap!

Elba had little reason to get fired up about playing Hillcrest. After all, the rainy weather forced the Tigers to miss two practices during the week and Hillcrest wasn't exactly one of the best teams around. Add to that the fact the temperature was in the thirties and another small crowd was in attendance, and you could have had the setting for a lackluster performance and possibly a loss.

The Tigers refused to let any of the outside distractions make any difference; however, as they went out and scored three touchdowns the first three times they got their hands on the football to grab a 21-0 lead and easily held on for the win. The offense rolled up big yardage on the ground, but seemed to be simply getting the job done for the most part. Greg Thigpen and Jamie Brockton both went over the 100-yard mark for the third time this season and both had big runs, but Thigpen seemed to be at less than full speed and may have felt the effects of missing last week's practices and game. Quarterback Keith Grantham missed a couple of days of school with an illness, but came back Friday and led the team to the win, in spite of having perhaps his worst passing night of the season. The line was solid, as always, and had to butt heads and listen to the talk throughout the game, but never let up and was the anchor for the offensive onslaught.

The Elba defense allowed only six points, but it too seemed a little out of sync at times and in the second half got hurt whenever Hillcrest went wide. The Tigers had some big plays, like Josh Caldwell's diving interception, Bryce Phillips' big hit on fourth down and one and Phillip Compton's play throughout the game. The defense bent, but refused to break, and again did what it took to win, and then some.

I guess now I know what Bear Bryant used to mean when he said that everything must be going okay when the fans even fuss about the wins!

OPENING ROUND MATCHUP WAS ONE I WANTED

I just wanted to make the playoffs when the season started, but after clinching the playoff spot early in the season, I've been waiting for the Tigers to tangle with Rehoboth once the playoffs got started. It wasn't that I had any dislike for the Rebels; however, the folks over in Rehobeth were talking big early in the season that this was the year they could have beaten Elba, and that it was a shame that the teams didn't play this season. It was Rehobeth that refused to play Elba this season. In fact, the Rebels picked up Daleville in Elba's spot in the schedule just so they wouldn't have to play the Tigers. Once the Rebels started winning, they forgot why the two teams didn't play for the first time in six years and were talking big about how much better they were than the Tigers. Now they'll get the chance to back up all that has been said!

COUNTY TEAMS CLOSE DISAPPOINTING SEASONS

The 1992 high school football season came to a close for all three county teams last week, and as been the case for much of the season, only one of the three was able to post a win. Here's a quick look at what happened in

NEW BROCKTON (3-7) closed out the season on a winning note as the Gamecocks blanked winless Cottonwood 24-0. The Gamecocks, whose only other wins were over Zion Chapel and Kinston, began to play better late in the season and may have set the foundation for better days. If New Brockton will look at the 3-7 record as a challenge and work hard to insure it doesn't happen again, the season can be written off as just a tough lesson it had to learn. If not, more losing will occur in years to come.

ZION CHAPEL (0-9) got blown out by lowly Houston Academy and ended the season with a very disappointing 0-9 slate. The Rebels knew that it would be a rough season; however, they never expected to go throughout the season without a win and now must dig deep and re-dedicate themselves to football and the work that it takes to be winners in the sport. The Rebels have the coaches, the players and the fan support to make a comeback, and hopefully it will happen next season.

KINSTON (4-6) was expected to enjoy one of its best seasons ever and was confident of a playoff berth, but never recovered from a midseason swoon and closed out the season being blown out in Brantley. The Bulldogs have established a solid weight program and seem to always have a good group of young players, only to never put it all together. Kinston has the players to be competitive in any sport, but has got to quit being satisfied being competitive and take that next step to being a winner.

THE PLAYOFFS...THE BEST, THE WORST

The state high school football playoffs get underway this week across the state of Alabama and as always there are favorites in all six classes, others that are teams to watch, and others that don't belong. Here's a look at the upcoming playoffs and what to expect...

CLASS 6A - Robert E. Lee is the even-money favorite to take the 6A crown, while Shades Valley will be dedicated to winning the title for their team that was killed in a drive-by shooting two weeks ago. A darkhorse could be Theodore, while Bayview, Huntsville and McGill-Toolen have no business in the post-season party.

CLASS 5A - Russellville, Blount and Etowah are all outstanding teams and have real shots at taking the state crown, while underdogs could be Dora and Williamson, two teams that haven't been getting much of a good fan of Sylacauga, Smith Station or even Charles Henderson get ready for basketball.

CLASS 4A - The possible second-round battle between Daleville and T.R. Miller is already being called the state championship game, but the winner will still have three games left and could find trouble against teams like Hamilton and Clay County and Deshler. Fans of Clarke County, Dallas County and Hamilton can already put up the post-poners.

CLASS 3A - Litchfield has been the favorite all season to win this class, but might have more than a chance to handle Lamar County, Elba or Plainview. Others to keep an eye on include defending champ Luverne, a vastly improved Southern Choctaw and Ashville, while those from Elmore County, Colbert Heights and Francis Marion can head to the house.

CLASS 2A - This one looks like a showdown between Randolph and Hazlewood and on paper looks like an easy win for Randolph. But, usually means trouble, so keep an eye on Reebop, Clay County and Fayette, while the managers of Florala, Highland Home and Pickens County can head to the basketballs.

CLASS 1A - This one looks like a lock between Courtland and Billingsley, but stranger things have happened, and if one of the favorites falters it could be Parrish, Prisco City or Wadley fighting for the title. You can go ahead and get ready for roundball in Milby, Red Level and Bibb Graves.

PREP PROGNOSTICATOR PRIMED FOR PLAYOFFS

Ye Ole Prep Prognosticator usually dreads the opening round of the playoffs, but after going 27-6 in the final week of the regular season, and finishing the regular season with a 289-56 record, he stated this may be the year he goes out with a bang. Only time will tell...

ELBA VS. REHOBETH

The Tigers will be heavy favorites in this one, but don't be surprised if the Rebels slow down the action and maybe even bring out the ole stop-watch in an effort to slow down the high-powered Elba offense. The Rebels may keep it closer than many believe, but the Tigers simply have too many weapons to shut down completely!

ELBA 27 REHOBETH 8

BRANTLEY VS. COFFEE SPRINGS

The Bulldogs won't have long to celebrate their 9-1 season, because the Golden Bears have speed to burn and will provide the Dogs with a tough challenge. Both teams have the potential to light up the scoreboard, and that is exactly what might happen, with Brantley pulling out the hardfought win.

BRANTLEY 33 COFFEE SPRINGS 26

ENTERPRISE VS. BALDWIN COUNTY

The Wildcats' offense took the night off in their last two games and that could spell problems for the Cats as the playoffs progress. Baldwin County deserves its playoff berth, but isn't anywhere as good as Enterprise and will exit the party early!

Tigers humble Hillcrest 34-6

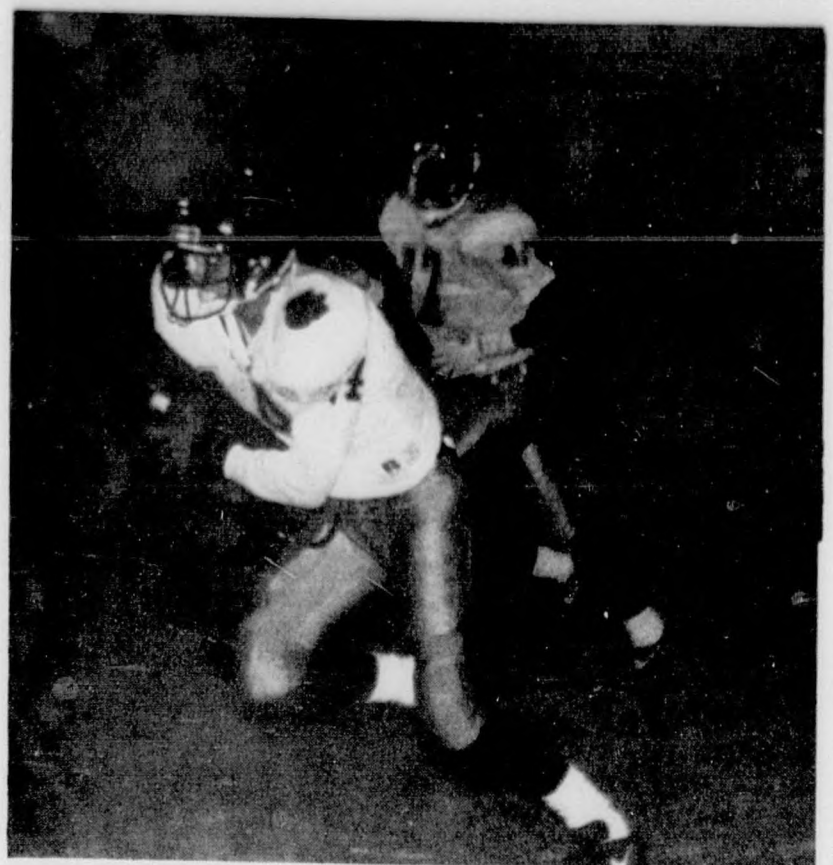

By Ricky Mularz, Sports Editor

The Hillcrest Jaguars celebrated homecoming Friday night prior to their football game against the Elba Tigers; however, after the game it

was Elba doing the celebrating as the Tigers blasted the Jaguars 34-6.

The win improved Elba's record to 8-1, while Hillcrest finished the season with a 1-9 slate.

Elba received the opening kickoff

ELBA QUARTERBACK KEITH GRANTHAM (14) looks for the goal line on a 6-3 yard winning run. Grantham scored the Tigers' first touchdown in the easy 34-6 win over 5A Hillcrest.

ELBA'S TEDDY BURKS (33) heads for the endzone during the Tigers' 34-6 romp past Hillcrest. Elba improved its record to 8-1 with the win and will host Rehobeth this week in the 3A playoffs.

ELBA'S TEDDY BURKS (33) heads for the endzone during the Tigers' 34-6 romp past Hillcrest. Elba improved its record to 8-1 with the win and will host Rehobeth this week in the 3A playoffs.

and marched 65 yards in 9 running plays to grab a quick 7-0 lead.

Jamie Brockton gained 35 yards on 3 carries during the drive and Greg Thigpen added 30 yards on 5 carries, while quarterback Keith Grantham got the score on a 5-yard dash. Josh Caldwell boosted the extra-point and with 7:15 left in the opening stanza the Tigers were off and running with a 7-0 lead!

The Tigers got the ball back three plays later on a Jaguar punt and this time drove 56 yards in 10 plays to again reach paydirt.

Keith Grantham fired passes of 15 and 13 yards to Perry Stinson and Joe Donaldson during the march to keep the scoring drive alive, with Greg Thigpen getting the touchdown on a 9-yard run. Caldwell again boosted the extra-point and the Tigers owned a 14-0 lead with 3:55 left in the first quarter.

Hillcrest showed signs of life on its next possession and marched to the Elba 25-yardline, but was stopped on a fourth down and one play on a big hit by Bryce Phillips.

The Tigers regained possession at its own 26-yardline and made it three scores in three tries as this time Elba marched 74 yards in 9 plays to extend its lead to 21-0.

Greg Thigpen gained 34 yards during the drive and Jamie Brockton added 31 yards; however, it was Teddy Burks who got the score on a 9-yard scamper. Caldwell added the extra-point and Elba was in command with a 21-0 lead with 3:05 left in the half.

Hillcrest received the second half kick and stunned the Tigers by marching 70 yards in only 6 plays to get on the scoreboard.

Bryant Richardson gained 39 yards in three carries and completed two passes for 27 yards to spark the Jaguars, while Cecil Gill got the score on a 1-yard sneak. The extra-point try failed, but with 9:01 left in the third quarter Hillcrest was very much alive, trailing 21-6.

The sudden score got Elba's attention, and the Tigers took the ensuing kick and marched 66 yards in 6 plays to regain control.

Greg Thigpen was the workhorse of the drive with 3 carries for 46 yards, while Jamie Brockton crossed the goal line on a 3-yard run. Caldwell hit the extra-point and with 6:14 left in the third quarter the Tigers' back in command with a 28-6 advantage.

The Tigers got two turnovers within a three-minute span on a pass interception by Josh Caldwell and a fumble recovery by Joe Donaldson, but the Tigers failed to take advantage of either miscue and at the end of the stanza was still ahead 28-6.

A pass interception by Teddy Burks at the Hillcrest 26-yardline set the Tigers up in excellent scoring position, and this time the Tiger reserves marched in for a touchdown.

Undray Chism gained only 6 yards on four carries in the scoring drive, but got the score on a 1-yard run. Caldwell missed the extra-point, but it made little difference as the Tigers owned a 34-6 lead with 7:20 left in the game.

Elba threatened again late in the game and reached a first down at the Hillcrest 17-yardline behind the run of Greg Thigpen and Clay County, only to be knocked back on a penalty, and then stopped one yard short of first down yardage, as the Tigers settled for 34-6.

Greg Thigpen gained 123 yards on 15 carries to lead Elba, while Jamie Brockton added 100 yards on 12 carries.

Phillip Compton made 9 solo tackles and 1 assist to pace the Elba defense, while other defensive stand-outs included Jamie Brockton (6T & 4A), Teddy Burks (5T, 1A and 1 pass interception) and D.J. Belcher (4T & 1A).

Blue Ribbon Saddle Club is sponsoring Open Horse Show

The Blue Ribbon Saddle Club, R. P. Shelby Arena, located on Highway 84 West in Andalusia, Alabama will be sponsoring an Open Horse Show on November 14, 1992. Please arrive by 2:00 p.m. and running will not begin before 7:00 p.m. Call 222-8842, day; 222-7715 or 222-8842, night.

Elba fullback Jamie Brockton (42) dives for extra yardage during last week's 34-6 win over Hillcrest. Brockton went over the 100-yard mark for the second straight week in the big win, and will lead the Tigers this week in the opening round of the Class 3A playoffs against the Rehobeth Rebels.

CAN I HAVE SOME HOT CHOCOLATE NOW?...Dudley and Lisa Stinson watch Friday night's game while their daughter Haley has her mind on other things. The Tiger fans braved cold weather Friday night to support Elba against the Hillcrest Jaguars, in Evergreen.

"THANK YOU"

PASTOR'S CORNER

I could never keep the two straight. Etymology...one is the study of words, while the other is the study of words. But which is which? Well, after consulting Webster, I am reminded that "city" is word and "etymology" is bug. Now, the more important question. Who cares??? Except for a few English teachers and these folks who spend their lives following behind the Orkin Man to collect samples, probably no one.

Well, for just a few moments I want US to care. I want to take us on an important etymological journey. That's it...words...not bugs.

We gather every Sunday in our respective churches for something we call worship. Worship, that's when we come together with fellow believers to sing, pray, give, read Scripture, preach and occasionally slop! But what is this word worship all about? We use it often. "He absolutely worships his wife." "We begin our worship this morning with hymn number..." "Worship Him in spirit and in truth." But what does it mean? What does it really mean?

Now this may come under the category of useless trivia, but the English word "worship" comes from the Anglo-Saxon term "worthscipe" or "worth-ship." What is not trivial is that in worship we ascribe to God the ultimate worth. That is to say, God is worth something. No, He is worth everything. He is worthy of the reverence and honor that we afford Him in worship. God is of supreme value. When we worship Him we are proclaiming that value.

Worship can now take on new meanings. It defines our special relationship to the Lord as we submit

Ma-Chis Lower Creek Indian Tribe Plans Pageant & Bazaar

There will be a Christmas Bazaar at the Senior Citizen area on South Railroad in New Brockton, AL. The Bazaar will be held on Saturday, December 5, 1992. Anyone wishing a booth the price is \$10.00 each. If a person gets 5 different individuals to have a booth, this individual's booth will be free. Any food vendor must have a food permit from the Health Department. There will be fun for the entire family: cake walk, fish pond, treasure hunt, bar-b-que, various foods, entertainment.

There will be a Mr. and Miss Christmas Pageant on December 5, 1992 at 7 p.m. This will be open to any girl between the ages of 6-21, and any boy 10-12, which will consist of different age divisions. The entrance fee is \$15.00. For additional information, please call 894-5314, 894-6579, or 347-8430.

All proceeds will go to the purchase for some land for the Ma-Chis Lower Creek Indian Tribe of Alabama. The tribe is a non-profit organization.

ourselves to Him, as we place Him above all else in our life that has worth. God and God alone is worthy of our worship. Our place of worship, whether the sanctuary of our church or a favorite quiet spot where we meet God alone, becomes a place where God descends to meet us as we ascend from our daily lives to pay homage to Him who is worthy far and above all else!

Newbia Baptist Church To Host Bar-B-Que Nov. 14

Newbia Baptist Church is sponsoring a Bar-b-que Saturday, November 14, 1992 at 5:00 p.m. Donations accepted. Everyone is invited to attend.

First Assembly Of New Brockton To Have Homecoming

First Assembly of God, New Brockton, located on Hwy. 84, has planned an exciting Homecoming Day, November 15, 1992, marking the 50th year of its being set in order.

Morning worship begins at 10:30. Special music will be provided by the adult ensemble. The minister for this occasion will be Rev. Terry Warden, pastor of First Assembly. Rev. Warden, his wife Kriket, and daughter Brittany began ministry with this congregation October 18, 1992.

Lunch will be served at the Christian Fellowship Center, located one block south of the church sanctuary on Church Street, immediately following the morning service. Everyone is invited to spread dinner with the church family, especially those who have been a part of the church in the past.

There will be no evening service.

NOTE OF THANKS

The family of Ella M. Sasser wish to thank everyone for the food, flowers and prayers for us in our sorrow, during the loss of our beloved mother and grandmother.

May God bless each and every one of you.

Round & About With Eria 897-2006

"Now there was a certain rich man, and he habitually dressed in purple and fine linen, gaily living in splendor every day."

And a certain poor man named Lazarus was laid at his gate, covered with sores,

And longing to be fed with the crumbs which were falling from the rich man's table; besides, even the dogs were coming and licking his sores.

Now it came about that the poor man died and he was carried away by the angels to Abraham's bosom; and the rich man also died and was buried.

And in Hades he lifted up his eyes, being in torment, and saw Abraham far away, and Lazarus in his bosom.

And he cried out and said, 'Father Abraham, have mercy on me, and send Lazarus, that he may dip the tip of his finger in water and cool off my tongue; for I am in agony in this flame.'

Luke 16:19-24

Thinking of you praying for you, The Caldwell family, Mrs. Pauline Tillis, Mrs. Mae Young, the Larr family, Mrs. Hannah Coleman, the Stevens family, and Mr. Jim L. Lee.

The Elba Zion Junior Choir Anniversary will be held at the Elba Zion Missionary Baptist Church, located on Newton Street in Elba, on November 15, 1992 at 2:30 p.m. Dr. John L. Grayer, pastor.

Master of Order will be Bro. Landy Magwood and the Oak Grove MB Choir will render music. The welcome and occasion will be by Laticia Tillis. The sermon will be given by Rev. Joseph Edwards.

Visiting churches will be Bethlehem, Oak Grove, Springfield, Piney Grove AME, New Zion, Rocky Head, Popular Spring, Bethel AME and Harris Temple COGIC.

Home Care Services Of Elba To Hold Health Fair
Home Care Services of Elba will sponsor a Health Fair in the fellowship hall of the United Methodist Church on Tuesday, November 17, 1992 from 8:00 a.m. until 12:00 noon.
